1 INTRODUCTION

The policy of the Govan Mbeki Municipality for levying rates on rateable property is set out in this document. The Council adheres to all requirements of the Municipal Property Rates Act (MPRA) and Municipal Finance Management Act (MFMA) including any regulations promulgated in terms of these Acts.

The Rates Policy only rules the rating of valued property which are valued according to the Municipal Property Rates Act, Act 6 of 2004 and its regulations as published under Government Notice 1036 of 2006 in Government Gazette 29304 dated 18 October 2006 and does not rule or guide the processes of property valuation and approval of the valuation roll.

In developing and adopting this rates policy, the council has sought to give effect to the sentiments expressed in the preamble of the Property Rates Act, namely that:

- the Constitution enjoins local government to be developmental in nature, in addressing the service delivery priorities of our country and promoting the economic and financial viability of our municipalities;
- there is a need to provide local government with access to a sufficient and buoyant source of revenue necessary to fulfill its developmental responsibilities;
- revenues derived from property rates represent a critical source of income for municipalities to achieve their constitutional objectives, especially in areas neglected in the past because of racially discriminatory legislation and practices;
- it is essential that municipalities exercise their power to impose rates within a statutory framework which enhances certainty, uniformity and simplicity across the nation, and which takes account of historical imbalances and the burden of rates on the poor.

In applying its rates policy, the municipality shall adhere to all the requirements of the Property Rates Act no. 6 of 2004 including any regulations promulgated in terms of that Act.

The municipality derives its power to levy rates from Section 229(1) of the Constitution of the Republic of South Africa.

Section 3(1) of the Local Government: Municipal Property Rates Act 2004 (Act No 6 of 2004) (MPRA) requires that the Council must adopt a rates policy for the Municipality. The Municipality's rates policy takes effect on the effective date of the first valuation roll prepared by the Municipality in terms of the Act. It must accompany the Municipality's budget for the financial year concerned when the budget is tabled in the Council in terms of section 16(2) of the Local Government: Municipal Finance Management Act 2003 (Act No 56 of 2003) (MFMA)

In terms of section 5(1) of the MPRA the Council must annually review, and if necessary, amend its rates policy. Any amendments to a rates policy must accompany the Municipality's annual budget when it is tabled in the Council in terms of section 16(2) of the MFMA.

Before the Municipality adopts the rates policy, it must follow a process of community participation in accordance with Chapter 4 of the Municipal Systems Act as required by section 4(1) of the Act. It must further give public notice of the rates policy and invite the public to submit comments and representations regarding the draft policy.

Section 6 of the MPRA requires that the Municipality must adopt bylaws to give effect to its policy.
